

AN INTERESTING RELIC

George A. Mollring Has Copy of Nebraska City News, Printed June 25, 1864

George A. Mollring has in his possession a newspaper which is extremely interesting to anyone, which was given to him by his father a number of years ago. It is an original copy of the Nebraska Daily News, published at Nebraska City on Saturday, June 25, 1864.

The paper was preserved by his father as it contained an obituary of his daughter, George's sister, who died at Nebraska City, where they were living, at the age of 21 months and 17 days. A glance through the paper reveals many interesting facts and news items. One of the editorials states: "Mr. Lincoln compared himself to a horse. Will Uncle Sam give his kingdom for this horse?" Another one: "Miggs says, 'A Lincoln gets off a great many rich jokes. In fact he thinks some of them are so rich they would make good fertilizers.'"

Here is a typical "want ad", but the Herald reporter could not understand why the postscript was added: "\$20 reward—A yoke of cattle, branded H on left hip—one roan steer, the other red—have strayed or have been stolen from the subscriber. We will pay the above reward for their delivery to us, or any information by which we can get them. Nebraska City, June 11. Signed, A. & R. E. Hays. P. S. The roan steer above described having been found, \$15 will be paid for the return of the red one."

Among the news items is found an account of the maneuvers of the Army of the Potomac, which was then doing some fierce fighting, and gave the results of one battle as "400 killed and many wounded and taken prisoners by the Union army."

From the general tone of the paper, it would seem that its editor was greatly opposed to Abraham Lincoln, then president, as there are many reflections on him and his official acts.

Mr. Mollring has taken good care of the copy, and it is in a good state of preservation and can easily be read. The type faces and style of makeup present a rather queer appearance in contrast with the present day styles of both, but in that day the Nebraska City News was considered the best newspaper in this country. The advertisements especially look crude by the side of the ones in the Herald nowadays. There were no borders around the "displays", and the largest advertisement was not much larger than the smallest one in this issue of the Herald, although there were many of them. Besides showing the difference in news of that day and this, it also shows that an advance has been made in the printing industry.

Mr. Mollring's father, A. F. Mollring, was a "freighter" between St. Joseph and Denver in the early days, and at the time of the California gold rush, in 1849, he was one who made the perilous trip, investing nearly all his money, which was lost. However, he came out with a small amount of gold which he sent to England and had made into a watch, which is in George's possession. The watch is valued at several hundred dollars, as it is constructed entirely of gold, even to the dial and hands.

These keepsakes were handed down to the son in a tin box, similar in shape and size to the present day "lockers" which are used by private individuals in place of a safe. The box was made in St. Louis about forty years ago.

New Lodge Organized in Alliance

Lew Wallace Court No. 148, tribe of Ben Hur, was instituted in this city in the Nation Hall last Thursday night with 40 charter members. District Manager B. P. Buck has been in the city for the past three weeks securing members for Ben Hur, and last night assisted by State Manager J. J. Cassidy of Lincoln, the organization was completed. I. D. Whaley was elected chief and Wm. Butler was elected scribe. After the meeting Brother Buck treated all those present to a banquet at the

Alliance cafe. The new court numbers among its members some of the best people of this city and we predict for it a great future.

The Tribe of Ben Hur was organized in Crawfordville, Indiana, in 1894, and has had a steady growth, the membership now numbering 125,000, with \$1,500,000 in a surplus fund, and doing business in 37 states. Eastern Nebraska has been organized for twenty years but the order is just getting started in this part of the state. Brother Buck went to Chadron Friday to organize a court in that city.

ACT QUICKLY

Delay Has Been Dangerous in Alliance

Do the right thing at the right time.

Act quickly in time of danger.

In time of kidney danger Doan's Kidney Pills are most effective.

Plenty of evidence of their worth. Samuel Bixler, retired farmer, Gordon, Nebr., says: "I served for over four years in the army and the result was a chronic case of kidney complaint. I had to get up seven or eight times at night to pass the kidney secretions and I noticed that their appearance was unnatural. My whole body ached and I had pain in my joints. These parts of my body often swelled and caused me no end of annoyance. Often, everything before me got black and spots floated before my eyes. My heart palpitated violently and I had fainting spells. I know that I will never be real well again, on account of my advanced age, but I wish to express my gratitude for the benefit Doan's Kidney Pills brought me. All I have said about this remedy when I have recommended it before holds good."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Bixler had. Foster-Milburn Co., Props., Buffalo, N. Y.

Appeals Lawsuit

The case of Joseph A. Kime vs. Michael F. Nolan, which was tried in district court two weeks ago today, has been appealed to the supreme court by Attorneys Eugene Burton and B. F. Gilman, counsel for Mr. Nolan. Testimony presented at the trial was that John Snoddy, a friend of Mr. Kime, and the plaintiff, Mr. Kime, met Mr. Nolan in the Ford Garage about October 10, 1913; that they went in the Snoddy auto to see the land; that Nolan and Kime each paid Mr. Snoddy for the trip; that they came back and Mr. Kime looked through each room in the house and the basement and personally inspected the lots. On October 13th they entered into a written agreement to exchange the property, Kime assuming an \$800 mortgage. About thirty days later they exchanged deeds and abstracts, each party taking possession. About one and a half years later Mr. Kime brought suit to rescind the contract.

S. S. MISSIONARY RESIGNS

Rev. E. H. Williamson and Family Depart for Homestead Claim near Gillette, Wyoming

Rev. E. H. Williamson has resigned his position as district missionary for northwestern Nebraska of the American Sunday School Union, and on Tuesday of last week left with his family for Gillette, Wyo., near which place he has a half section homestead claim. Albert Varley, son of Wm. Varley, one of Morrill county's well known ranchmen, has a claim adjoining that of Mr. Williamson in Wyoming and accompanied him to that state.

Mr. Williamson did good work in the Sunday school cause while on the field here, but believing it to be his duty to make more ample provision for the financial welfare of his family than he could make in that way, and having a chance to secure a good homestead claim, he resigned in order to take advantage of the opportunity. He may take the pastorate of a country church within a few miles of his homestead.

Mrs. Williamson is a lady of culture and refinement. Household duties prevented her from becoming largely acquainted in Alliance and the surrounding country, but the number of her warm friends here is limited only to the number of her acquaintances.

Nebraska Girl Wins National Honor

According to an official announcement just made, Myrtle Mann, age 12, of Dawes county, won first place last season in the national competition of the Boys' and Girls' Gardening Club conducted co-operatively by the United States department of Agriculture and the extension departments of the different state colleges of agriculture. Myrtle's reports filed with the state leader of boys' and

Enrollment in this club for this year closes June 1. Membership blanks may be had of the Agricultural Extension service, University farm.

Best Thing for a Bilious Attack

"On account of my confinement in the printing office I have for years been a chronic sufferer from indigestion and liver trouble. A few weeks ago I had an attack that was so severe that I was not able to go to the case for two days. Failing to get any relief from any other treatment, I took three of Chamberlain's Tablets and the next day I felt like a new man," writes H. C. Bailey, Editor Carolina News, Chaplin, S. C. Obtainable everywhere.

Moved to Missouri

After making their home in western Nebraska for many years, E. R. Myers and family have taken up their residence in the show-me state. Mr. Myers made a success in this country. He realized a snug sum from the public sale while he held a short time before leaving, besides having a considerable property that was not disposed of at the sale. He bought a farm near Eadon, Mo., on which he and his family will reside.

DRUGS EXCITE YOUR KIDNEYS, USE SALTS

If your Back is aching or Bladder bothers, drink lots of water and eat less meat.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 600 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.
